

## IP68 Rated Full Color SMD 5050 LED Strip Lights AC110-220V Power Input Voltage

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: JJY
- Certification: SGS, RoHS, Reach, ISO
- Model Number: CFP01
- Minimum Order Quantity: 1pc
- Price: Negotiable
- Packaging Details: standard packing, as customer demands
- Delivery Time: 15 - 30 Days
- Payment Terms: L/C,T/T,etc.
- Supply Ability: 500000pcs per month

### Product Specification

- Power Input Voltage: AC110-220V
- Led Chip: Epistar / SMD2835
- Led Type: 5050
- Protection Grade: IP68
- Output Voltage: DC5V
- Voltage: 12V
- Tube Chip Color: Full Color
- Led Size: SMD5050

## Product Description

### Product Description:

The LED strip kit is built with SMD5050 LEDs that offer high brightness and are energy-efficient. The LEDs are capable of producing up to 16 million colors, which means that you can create a range of different lighting effects to suit your mood and preferences. The LED tape light is also very flexible, which makes it easy to install in tight spaces or around curves and corners.

One of the most impressive features of this LED ribbon tape is its protection grade of IP68. This means that the LED strip kit is dust-tight and can withstand submersion in water up to a depth of 1.5 meters, which makes it ideal for use in bathrooms, kitchens, and other areas where water is present. The LED tape light is also resistant to UV radiation, which means that it will not fade or discolor over time.

The LED strip kit comes with an output voltage of DC5V, which ensures that the LEDs operate at a safe and stable voltage. The LED ribbon tape also comes with a power input voltage of AC110-220V, which makes it compatible with most electrical systems. The LED tape light is also very energy-efficient and can help you save on your electricity bills.

The LED strip kit is very easy to install and comes with a self-adhesive backing that makes it easy to attach to any surface. The LED ribbon tape also comes with a remote control that allows you to adjust the lighting effects and colors. The LED tape light is also very durable and can last up to 50,000 hours, which means that you won't have to replace it anytime soon.

In conclusion, if you are looking for a high-quality LED tape light that is perfect for indoor use only, then you should definitely consider our LED Strip Kit. This LED ribbon tape is built with SMD5050 LEDs that offer high brightness and are energy-efficient. The LED strip kit also comes with a protection grade of IP68, which makes it ideal for use in areas where water is present. The LED tape light is also very easy to install and comes with a range of features that make it stand out from similar products in the market.

### Features:

Product Name: LED Strip Light

Led Size: SMD5050

Led Type: 5050

Voltage: 12V

Led Chip: Epistar / SMD2835

Output Voltage: DC5V

Features:

Provides LED Ambient Lighting

Can be used as LED Linear Light

Great for LED Mood Lighting

### Technical Parameters:

Product Attribute	Value
Product Name	LED Strip Light
Output Voltage	DC5V
Led Chip	Epistar / SMD2835
Model	SMD 5050
Voltage	12V
Led Type	5050
Usage	Indoor Use Only
Tube Chip Color	Full Color
Ip Rating	IP65
Led Size	SMD5050
Protection Grade	IP68

### Applications:

### Customization:

Brand Name: JJY

Model Number: CFP01

Place of Origin: China

Certification: SGS, RoHS, Reach, ISO  
Minimum Order Quantity: 1pc  
Price: Negotiable  
Packaging Details: standard packing, as customer demands  
Delivery Time: 15 - 30 Days  
Payment Terms: L/C, T/T, etc.  
Supply Ability: 500000pcs per month  
Ip Rating: IP65  
Output Voltage: DC5V  
Voltage: 12V  
Led Size: SMD5050  
Led Type: 5050

### Support and Services:

Our LED Strip Light product comes with comprehensive technical support and services to ensure that you have the best experience possible. Our team of experts are available to assist you with any technical issues or questions you may have about the product. We offer a range of services to support our LED Strip Light product, including:

Installation support  
Product troubleshooting  
Product maintenance and repair services  
Product customization services

We are committed to providing our customers with the highest level of service and support. If you have any questions or concerns about our LED Strip Light product, please do not hesitate to contact us.
