Basic Information

- Place of Origin: China
- Brand Name: JJY
- Certification: SGS, RoHS, Reach, ISO
- Model Number: CFP01
- Minimum Order Quantity: 1pc
- Price: Negotiable
- Packaging Details: standard packing, as customer demands
- Delivery Time: 15 - 30 Days
- Payment Terms: L/C,T/T,etc.
- Supply Ability: 500000pcs per month

Product Specification

- Output Voltage: DC5V
- Led Type: 5050
- Voltage: 12V
- Ip Rating: IP65
- Model: SMD 5050
- Protection Grade: IP68
- Led Size: SMD5050
- Tube Chip Color: Full Color

Product Description:

The LED Strip Light features high-quality LED chips, including the popular SMD5050 and Epistar/SMD2835 LED chip types. This ensures that the light produced is bright and even, with no hot spots or dim areas. The Epistar/SMD2835 chips are particularly efficient and long-lasting, making them an excellent choice for anyone looking to reduce their energy bills and carbon footprint.

The LED Strip Light is also highly durable and weather-resistant, with an IP68 protection grade. This means that it can be used both indoors and outdoors, in a variety of weather conditions. Whether you are looking to add LED Mood Lighting to your living room, or you want to create a stunning light display in your garden, the LED Strip Light is up to the task.

One of the best things about the LED Strip Light is its versatility. It can be cut to any length you need, making it ideal for a wide range of applications. Whether you want to add a subtle glow to your kitchen cabinets, or you want to create a dramatic light display on your patio, the LED Strip Light is the perfect choice.

The LED Strip Light is also very easy to install. It comes with a self-adhesive backing, so you can simply peel and stick it in place. This makes it a great choice for anyone who wants to add LED Mood Lighting to their home or garden without the need for professional installation.

In conclusion, if you are looking for a high-quality LED tape light that is versatile, energy-efficient, and easy to install, then the LED Strip Light is the perfect choice. With its bright and even light, durable construction, and IP68 protection grade, it is the ideal lighting solution for any indoor or outdoor space.

Features:

Product Name: LED Strip Light

Protection Grade: IP68

Led Type: 5050

Ip Rating: IP65

Voltage: 12V

Output Voltage: DC5V

Features:

Flexible and cuttable LED strip light

Waterproof with IP68 protection grade

Uses 5050 LED type for brighter and more vivid colors

Has an IP65 rating, making it suitable for outdoor use

Operates at 12V voltage for energy efficiency

Comes with a DC5V output voltage for easy installation

Perfect for LED backlighting, under cabinet lighting, and more

Technical Parameters:

Technical Parameter	Description
LED Type	5050
LED Chip	Epistar / SMD2835
LED Size	SMD5050
Tube Chip Color	Full Color
Voltage	12V
Output Voltage	DC5V
Power Input Voltage	AC110-220V
IP Rating	IP65
Protection Grade	IP68
Usage	Indoor Use Only

This LED rope light is ideal for use in LED decorative lighting and LED cove lighting.

Applications:
